NASHVILLE, TENN.

SUNDAY MORNING, AUGUST 14, 1853. Tax Ray, J. B. Fraguson will preach this morning at the Christian Church, for the last time, previous to his contemplated tour through Kentucky and Ohio.

The above announcement will be read with regret by those who have listened to Mr. Ferguson's public ministrations in this city for some years past. The church and community which he has served in the capacity of pastor deeply sympathize with him in the trials through which he has recently passed, and wherever he may go their prayers will attend him.

We doubt whether his superior for talents and usefulness can be found any where; certainly not in this city. We know but little and care but little about the differences of opinion which have severed him from the religious world around him, but we do know that he is a good man if there is anything in a life of practical piety-exhibited in good works.

H. G. FARRELL'S CELEBRATED ARABIAN LINIMENT

TRIUMPHANT OVER DISEASE. H. G. FARRELL'S GENUINE ARABIAN LINIMENT is a most extraordinary medicine, the truth of which is placed beyond doubt by the vast sales of the article and the placed beyond doubt by the vast sales of the article and the many cures being daily performed by it, which previously had resisted all other medicines and the skill of the best physicians in the world. It is composed of halsams, extracts and gums peculiar to Arabia—possessing, in a concentrated form, all their stimulating, anodyne, penetrating, unchooss and revulsive properties, and the same which, ages ago, were used by the "Sons of the Desert," with such miraculous success, in curing the diseases of both man and beast.

Read the following cure, which should of itself place H. G. FARRELL'S ARABIAN LINIMENT

far beyond any similar venely. Mr. H. G. FARRILL—Dear Sir: Actuated by a sense of gratefulness, I submit the following as an instance of the utility of your great medicine. My child, three years old, was suddenly attacked with a terrible disease, which in less than aix hours prostrated it to total helplessness. The limbs became so rigid that not a joint could be bent; the flesh turned black and cold and entirely deprived of feeling; the eyes fixed, partially closed and altogether blind, following this was deafness to all sounds; the spine became contracted and so curred that when lying on its back the head and heels only touched. Indeed, the child presented every and heets only touched. Indeed, the child presented every appearance of being dead. Immediately on the attack, the family physician was called in, and for three weeks he isbored to restore it to feeling, but all in vaio, although was blistered a dezen times and various rubefacient in ments applied. A consultation of physicians was then held, but to no purpose, the case was then brought before the Modical Society, but nothing could be suggested which had not already been done, and the doctor then told me he could do nothing more. We then commenced applying your Limi-ment freely over the entire length of the spine, and you may imagine a parent's joy, when, after a few applications, returning animation was apparent, and it rapidly recovered with the exception of the sight, which did not become per-fect for mear a month. The child is now healthy and robust as can be. Five other cases of the same kind occurred pre-viously in my neighborhood, all of which died, when there is no doubt if your Limiment had been used they would HENRY & CLELAND Peoria, March 1st, 1851.

Look out for Counterfeits! The public are cantioned against another counterfelt, which has lately made its appearance, called W. B. Farrell's Arabian Liniment, the most dangerous of all the counterfeits, because his having the name of Farrell, thusy will buy it in good faith, without the knowledge that a counterfeit exsts and they will perhans only discover their error when the spurious mixture has wrought its evil effects.

SPECIAL NOTICES.

Unparalled Success .- The demand for Dr McLane's laver Pilis, wherever they have been introduced, bus increased with astoniahing rapidity. Their popularity is un-pracedented in the annals of medicine. Even physicians are using them in many cases, when they can obtain them. Patients, however, need not be at the expense of medical advice, as they can purchase a box of the Liver Pills, with which directions will be furnished, which will work a speedy cure. The following certificate, from a gentleman in Ohio, speaks strongly of the efficacy of this great remedy

Piccurate, Logan Co., O. 11th mo. 3d, 1842.

My wife was afficied with the Liver Complaint for nearly five years, and spart about one hundred dolears with a regulity scian, all to no purpose. I heard of M Lame's Fills, and got four lexes. She is now enjoying good health. You may make use of this, if it will do you say good.

Important to Planters.-The following letter was written by a gentleman well known to us, and its contents are of importance to all having the care of plantations. NEW ORLEANS, Jan 8, 1858.

Mesara, B. A. Fuhnestock & Co., Pittsburg, Pa. Gentlemes—In conversation a few days since with a friend, speaking of the increasing demand for your justly celebrated Vermifuge, he informed me that a friend of his, a planter well known in the Attakapas, had told him that planter well known in the Attakspas, had told him that since he had commenced using your Vermifuge he had saved several negroes every year. Among the young negroes on his large plantation, he used to lose from fifteen to twenty yearly. Now, he says, since he has begun administering your Vermifuge, the deaths amongst the young fellows are reduced more than lifty per cent. This acknowledgment, coming from such a respectable source, is very strong proof of the efficacy of your remedy, not only in allevisting suffering, but in saving life. I mention the fact as I heard it, for your encouragement. Very truly yours, &c.

Caldwell, Minerva and Franklin Colleges, containing about
60 acres about 10 acres in wood, and the balance under cultivation—with as good orchards as there are in the State, consisting of peaches, apples, pears, grapes, plumbs, in a great

good frame house, with porch 20 feet front; one good brick
house, smoke house, kitchen, stables, cribs, &c. The orchard, by close attention, would yield from \$200 to \$500 yearly, as the fruit is of the choicest kind. My only reason for
wishing to dispose of it is my intention to change my loca-Board, Machine, Pounding, Barrel, &c. &c., is whost are ed, and fuel being entirely dispensed with, an immense saving is thus made.
